A note from the Head

Dear Parents and Carers,

What a week it's been at school – residential season is in full swing and the excitement is contagious!

Our intrepid Year 6 pupils have returned from their action-packed trip to London, full of stories and energy. They've jumped straight back into school life, throwing themselves into a vibrant week of art, sport, and culture – what a way to keep the momentum going!

Years 1 and 2 headed off on a brilliant beach adventure to Westward Ho!, where they explored the wonders of rock pooling, met the heroic RNLI team, and rounded off the day with a well-earned ice-cream treat in the sunshine. A perfect seaside day!

Meanwhile, Year 3 embraced the great outdoors with a memorable camping residential. They tackled Clip 'n Climb challenges, got creative in forest school, and ended their day with delicious fish and chips – unforgettable!

We're also bursting with pride over a phenomenal sporting achievement – out of our seven Year 3 & 4 cricket teams, three made it through to the finals at Sandford Cricket Club, and one team went on to win it all! What a fantastic way to launch our PE, Art and Culture Week. A huge shout-out to our incredible PE ambassadors for their enthusiastic support!

All our pupils got stuck into a lively volleyball workshop led by a top coach from Fireball Volleyball. They learned skills like setting, passing, and digging – it was a fantastic session full of team spirit, coordination and new challenges.

Key Stage One had a truly magical experience with a visit from the Morris dancers! The children were captivated by the lively music, colourful costumes, and rhythmic dancing. They clapped along with the beat and even learned a few fun steps! It was a celebration of tradition and movement, and the smiles on the children's faces said it all. A big thank you to the Morris dancers for bringing such energy and excitement to our school!

Our gardening and football clubs are going from strength to strength, and Thursday's Primary Sports Silent Disco was a massive hit! With music, movement and smiles all around, it was definitely one of the week's energetic highlights.

Don't forget to follow us on Facebook for your daily dose of the fun, learning and creativity that fill our days – it's a joy to share all the fantastic things our children are experiencing.

Have a lovely weekend

Mrs V Fenemore. Executive Headteacher

Teaching Staff September 2025

After ten years of dedication, leadership, and enthusiasm, we bid a heartfelt farewell to Mrs. Manning at the end of the summer term. Whilst we are sad to see her go, we are absolutely delighted that she is returning home to Ireland, where new adventures and well-deserved happiness await. Thank you, Mrs. Manning, for everything.

We are excited that Mr Slocombe will move into the role of Head of Teaching and Learning across the federation and join the senior leadership team, alongside myself, Mrs Rowcliffe (SENDCo) and Mrs Stapley (Early Years Lead)

We welcome Mrs Roberts and Miss Batstone in the Autumn term. Mrs Roberts has been with us this year as a student teacher, knows the children and is familiar with our routines and expectations. Miss Batstone is a very experienced early year's teacher and is passionate about teaching this age group. In January Miss Crosby will be joining the team. Miss Crosby has experience of working across all age groups in a wide mix of schools. We are very excited about having all of them as part of our amazing team.

Nursery – Mrs Stapley

Reception (Owls) - Miss Batstone / Mrs Rowcliffe (from January 2026 Miss Batstone / Miss Crosby)

Year 1 - Mrs Roberts

Year 2 - Mrs Keast

Year 3 - Mrs Bourner

Year 4 - Mr Walter

Year 5 - Mr Saltearn

Year 6 - Miss McLean

Big Changes Ahead for Key Stage 1 and Nursery

September 2025

We are incredibly excited to announce some fantastic changes coming this September for our Key Stage 1 and Nursery children!

From the start of the new school year, Years 1 and 2 will be moving into a brand-new space—relocating to what is currently the Nursery Pod and our brand-new Cabin. Year 2 will use the Cabin for their main teaching sessions, while Year 1 will be based in the Pod. Both classes will then come together in the Pod to explore, create, and learn through their daily tasks. Each area will have its own cosy book corner and structured displays to celebrate the children's learning. The cabin will be used for small group work, structured interventions and focused teaching and learning.

We've also reimagined parts of our curriculum to make the most of this exciting new setup! Both classes will now take part in weekly Forest School sessions in the Pod Garden, led by Mrs Rowcliffe, who is now a fully trained Forest School leader. We are also working on developing a dedicated forest school area for Key Stage 2, with sessions throughout the year. Plus, there will be weekly cooking sessions using the Pod's small kitchen, giving children hands-on experiences that bring learning to life. We believe these new opportunities will spark curiosity, build independence, and enrich our already vibrant curriculum.

Thanks to generous grants secured by Mr Slocombe, we have been able to invest in a whole host of amazing new resources for the outdoor space. Children will be encouraged to be outside as much as possible, so we will be asking for all children to keep a pair of wellies in school. The garden and indoor / outdoor room will feature a dedicated construction zone, imaginative role play areas, and plenty of space to explore and discover. We will also have a specifically designed sensory area.

Lunchtimes for Year 1 and 2 will continue to be enjoyed together and will be in the school hall. We are adding new steps at the side of the Pod to make access smooth and simple. Most importantly, our Key Stage 1 children will still be very much part of the whole school community, joining assemblies and mixing with older children through our brand-new Tree Group Book Club sessions—a fantastic way to share stories and build friendships across the school.

Exciting Nursery and Reception Changes

September 2025

We are absolutely thrilled to finally share the exciting changes coming to our Nursery and Reception areas this September! After months of planning and preparation, our Early Years spaces are getting a full makeover—and we can't wait for the children to enjoy everything that's coming.

Our Nursery will be relocating to the current Key Stage 1 area, comprising of three spacious rooms tailored to suit our youngest learners.

One of these rooms will become home to our youngest children (ages 9 months to 2 years), who will be known as the Hedgehogs. Over the summer, a specially designed, age-appropriate garden is being created just for them, ensuring a safe and stimulating outdoor space. This area, currently Year 1's classroom, will be transformed using a significant grant we were lucky to receive—allowing us to purchase a wide range of high-quality, purpose-built equipment.

Our Fox Cubs and Squirrels (children aged 2 and above) will be moving into what is currently the Reception classroom. This space will be enhanced with a new, all-weather shelter, and access to a flat garden area—offering a much more suitable outdoor environment than before. We have also invested in incredible new resources to support imaginative play, creativity, and curiosity across all nursery age groups.

To make drop-off and collection easier for our families, we are also creating a new dedicated gate and entrance specifically for the nursery, offering smoother access and helping the youngest children settle quickly into their day.

Meanwhile, our Reception children (Owls) will be moving into the current Year 2 classroom, which will be transformed to meet the needs of our thriving Reception cohort. Over the summer, the bandstand area will be enclosed, making it usable in all weathers and extending the learning space. Children will also enjoy direct access to the bike track—a favourite amongst our Reception children! In addition to all this, the Owls will join in with weekly Forest School sessions led by our fully trained leader, Mrs Rowcliffe, helping to foster a love of the outdoors and hands-on learning.

We have been working behind the scenes on these developments since last September, and we are so proud of what's to come. These changes will provide our youngest learners with rich, engaging environments where they can explore, grow, and thrive—we cannot wait for you and your children to experience it all! Children will thrive in these inspiring new spaces and enriching experiences on offer, we know it is going to be a brilliant year!

THE LEARNING ZONE

SHARING OUR LEARNING AND A MESSAGE FROM THE TEACHERS

Nursery (Squirrels & Hedgehogs)—Mrs Stapley

This week, our explorers have been learning all about jellyfish! We've been diving deep into the ocean to discover these fascinating, wiggly creatures. We have learned that jellyfish have soft, bell-shaped bodies and long tentacles. They live in oceans all over the world and they move by pulsing their bell to float through the water.

The children created colourful jellyfish using paper plates, ribbons, and paints. Our Nursery is now adorned with beautiful sea creatures!

Just a quick note- please make sure children are wearing clothing and footwear that they can manage independently.

Below is a song we have enjoyed.

Have a wonderful weekend. The Nursery Team

Jellyfish Are Wiggling By
(To the tune of "London Bridge is Falling Down")

***Jellyfish are wiggling by,
Wiggling by, wiggling by,
Jellyfish are wiggling by,
In the deep blue sea!***

***Watch them float and swirl around,
Swirl around, swirl around,
Watch them float and swirl around,
Happy as can be!***

***Tentacles go swish and sway,
Swish and sway, swish and sway,
Tentacles go swish and sway,
In the salty sea!***

***Glowing in the ocean light,
Ocean light, ocean light,
Glowing in the ocean light,
Such a sight to see!***

THE LEARNING ZONE

SHARING OUR LEARNING AND A MESSAGE FROM THE TEACHERS

Owls Class—Mrs Bourner

Owls have learnt many new and exciting skills in class this week including learning how to play volleyball and how to Morris Dance, both of which they fully embraced!

Our caterpillars are growing fatter by the day which has been a great source of fascination in class. The children have created their own lifecycle collages to show the different stages of growth and are very excited to see what type of butterflies will hopefully emerge!

In drawing club this week, the children have thoroughly enjoyed watching Bananaman, and have had fun creating their own fruit superheroes!

Our maths work has focused on sharing, grouping and problem solving! There has been some great language used in maths this week.

Well done Owls.

Have a lovely weekend.

THE LEARNING ZONE

SHARING OUR LEARNING AND A MESSAGE FROM THE TEACHERS

Year 1— Mrs Keast

Year 1 had another busy and exciting week!

On Tuesday, we took part in a volleyball taster session where the children learnt how to pass the ball to each other and worked on their coordination and teamwork skills.

In Maths, we concluded our unit on place value within 100 and began our next unit on money. We will be learning to recognise different denominations and begin to unitise. Any opportunity to explore coins or notes at home and practise counting money will greatly support this learning.

In English, we finished writing our stories based on *Mrs Armitage and the Big Wave*. We have now started our new unit on instructional writing, beginning with writing instructions for how to make slime – a very exciting and hands-on experience in class!

Our trip to Westward Ho! beach on Wednesday was a highlight of the week. It enriched our History topic, *Holidays in the Past and Present*. We explored how the area has transformed from farmland into a popular seaside resort. The RNLI spoke to us about their vital work keeping people safe at sea and on the beach. We rounded off the day with fish and chips and a delicious Hocking's ice cream.

On Thursday, we had a wonderful time taking part in some traditional Morris dancing – a lively and fun way to end the week!

Year 2—Mr Slocombe

Year 2 have had another exciting week! On Tuesday, we were visited by the Fireball Volleyball company who led a fantastic workshop! We learnt lots of new skills and practised our volleyball technique.

Wednesday saw us visit the beach with our peers from Year 1, taking part in rock pooling and learning more about the habitats with the rangers. We enjoyed a delicious lunch from Atlantic Bay and a Hocking's Ice Cream!

We have also been busy learning about position and direction in maths, considering turns and rotations.

In English, we have continued learning about the story of *How to Wash a Woolly Mammoth*, thinking about how we can use time adverbials within our own writing. We have also learnt about imperative verbs and their role within instructional writing.

Science involved learning about where different materials are within our environment and what they are used for.

Have a super weekend!

THE LEARNING ZONE

SHARING OUR LEARNING AND A MESSAGE FROM THE TEACHERS

Year 3— Mrs Rowcliffe & Mrs Manning

Clip 'N Climb & Camping 2025

Year 4—Mr Walter

What a fun and busy week it's been in Year 4!

On Monday, we headed to QE with Year 3 for a fantastic festival of cricket. Everyone showed brilliant teamwork and enthusiasm and one of our teams even came away with a win! Well done to all who took part. Tuesday brought something new as we tried our hand at volleyball during our one off session, provided by Fireball Volleyball. It was great to see everyone giving it a go and picking up the skills so quickly.

In maths, we finished our learning on shape by exploring lines of symmetry. The children enjoyed using mirror lines to test their ideas and spot symmetrical patterns. Our next sequence, will focus on statistics.

In English, we've been getting to grips with possessive pronouns, understanding how words like his, hers, ours and theirs are used to show ownership. Lots of great sentences and discussions!

Our history topic has taken us deeper into the world of the Anglo-Saxons, as we explored their beliefs and the role of paganism in their daily lives. Also, with Sports Day just around the corner, we've been working hard during our field events to earn points for our tree groups. Finally, we have started our quiz week early to ensure we have time to talk about Escot next week. Everyone is very excited for their Year 4 residential. I'm sure there will be some eager children ready to pack bags over the weekend.

Have a good one!

THE LEARNING ZONE

SHARING OUR LEARNING AND A MESSAGE FROM THE TEACHERS

Year 5— Mr Saltearn

A busy week in Year 5. We have started our new sequence in English and have been thinking about how we can add detail to our writing and have been writing a sentence and working in pairs to edit and add extra detail into them.

In Maths, we have been learning about negative numbers and finding the difference between two numbers.

On Tuesday, we took part in the fire volleyball session, the children really enjoyed the session and learning new skills.

In Science, we have been learning about air resistance and have been planning our experiment. We are testing to see if the size of a parachute will affect how the parachute falls. The children have the task to successfully build a parachute to bring their "hard boiled" egg down to earth.

Yesterday, Year 5 were busy practicing for sports day and enlisted some Year 6 helpers to help us record some of our throws.

Have a great weekend Year 5.

Year 6—Miss McLean

Year 6 have worked incredibly hard on their final piece of writing for our sequence on Shackleton's Journey in English this week. They have written some fantastically well thought through pieces and demonstrated all of the writing skills that they have learnt. In maths, we have also finished our final sequence on algebra by learning how to solve problems with two unknowns.

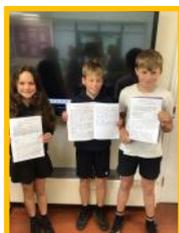

In science this week, the children recorded the results from last week's experiments and wrote an evaluation of their work. They found out a lot about how exercise can impact heart rate and heart health.

On Thursday morning, the children took part in a live online lesson linking to their work using micro:bits. They have learnt a lot about how to use and programme a mini computer including for prompts in a dance routine as well as using them as a fortune teller.

On Tuesday afternoon, the children took part in a fireball volleyball session and learnt a lot about different skills and techniques involved in the sport.

Finally, on Monday next week Year 3&6 are looking forward to their visit to our federated school King's Nympton for a day of sporting activities. They will need to remember to come to school in PE Kit for this.

Have a fantastic weekend!

ADVICE FOR PARENTS

Reporting Absences

To report your child absent please do so by telephoning the school and choosing Option 1 to leave a message on the absence line. You can also report an absence through the Gateway app.

UK Health
Security
Agency

Should I keep my child off school?

Yes

Until...

Chickenpox	at least 5 days from the onset of the rash and until all blisters have crusted over
Diarrhoea and Vomiting	48 hours after their last episode
Cold and Flu-like illness (including COVID-19)	they no longer have a high temperature and feel well enough to attend. Follow the national guidance if they've tested positive for COVID-19.
Impetigo	their sores have crusted and healed, or 48 hours after they started antibiotics
Measles	4 days after the rash first appeared
Mumps	5 days after the swelling started
Scabies	they've had their first treatment
Scarlet Fever	24 hours after they started taking antibiotics
Whooping Cough	48 hours after they started taking antibiotics

No

but make sure you let their school or nursery know about...

Hand, foot and mouth	Glandular fever
Head lice	Tonsillitis
Threadworms	Slapped cheek

Advice and guidance

To find out more, search for health protection in schools or scan the QR code or visit <https://qrco.de/minfec>.

Families with children in Key Stage 1 who are eligible are encouraged to apply as the funding is in addition to Universal Infant Free School Meals!

If your circumstances have changed and you are now in receipt of one or more of the following:

- Universal credit (provided you have a net income of £7400 or less)
- Income support
- Income-based jobseekers' allowance
- Income-related employment and support allowance
- Support under Part IV of the Immigration and Asylum Act 1999
- The guaranteed element of state pension credit
- Child tax credit, provided that you are not also entitled to working tax credit and have an annual gross income of £16,190 or less

You may be eligible for pupil premium funding for Winkleigh Primary School, which entitles your child/ren to receive Free School Meals.

It takes less than a minute to apply.

Visit the following website:

<https://www.gov.uk/apply-free-school-meals>

or call the Education Helpline on 0345 155 1019.

If eligible, please send a screenshot of your confirmation to admin@winkleigh.devon.sch.uk
