# Part A: Pupil premium strategy plan

## Statement of intent

The Federation uses the grant to narrow achievement gaps between these students and other (non-PP) students nationally – “closing the advantage gap”. Not all our children eligible for PP funding have lower attainment than their peers, and in such cases the grant is used to help improve the achievement of these students so that they reach their full potential.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Due to children spending long periods at home due to lockdown the attainment gap in some cases has widened.
2	Less developed vocabulary, weaker comprehension skills due to reduced cultural opportunities, poor grammatical speech
3	Ensure children develop an understanding of a healthy lifestyle both socially, emotionally and physically
4	Ensure children attend school and have high levels of attendance and punctuality.
5	Safeguarding children following lockdown where they have been exposed to often unstable environments.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Attainment gap is narrowed	Data analysis at the end of the academic year
Improvement in the oracy of children	Children can articulate clearly using tier 2 vocabulary in their speech and writing
Children will be healthy active and well-adjusted members of the community. Children have a wide variety of enrichment opportunities available to ensure their interests and talents can be developed.	Fewer referrals to Early Help and CAMHS All children to take part in at least one extra curricular club in key stage 2.
Children are coming into school on time on time and ready to learn.	95% attendance
All children feel safe and secure in school and have access to a trusted adult and time to talk.	School is able to support families and challenge where needed.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)
