

Creating media—Photo Editing Innovation

Prior Knowledge

Year 3: Creating media: Desktop publishing.
 Year 2: Creating media: Digital photography.
 Year 1: Creating media: Digital writing.

Future knowledge

Year 5: Creating media: Video production.
 Year 6: Creating media: webpage production.

Key Vocabulary

Tier 1: image, edit, select, save, shapes

Tier 2: digital, crop, undo, original, font, border, layer

Tier 3: publication, elements

My Component Knowledge:

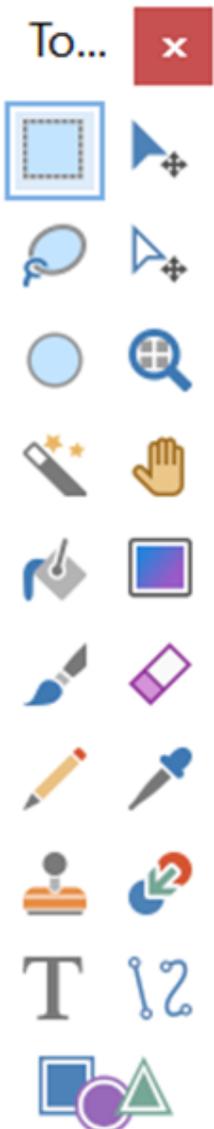

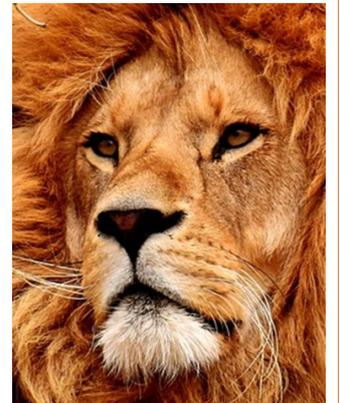

- Lesson 1: What are the benefits of cropping a digital image compared to a physical image?
- Lesson 2: How can the colouring of an image be changed?
- Lesson 3: What effect does cloning have on an image?
- Lesson 4: How can images be combined?
- Lesson 5: What purposes are images edited for?
- Lesson 6: How effective is my edited image?

My Composite Knowledge:

I can make informed choices about editing images digitally.

My Powerful Knowledge:

I understand the reasons for digital images being edited and I know that the majority of images I see online will be edited and therefore not an accurate representation of real life.

How have these images been edited?

Why are images often edited?
